HUMIDUR®
- Applicator of the product:
E-Blast Ltd.
Kintore, Aberdeenshire
United Kingdom
- Exact structures
TLM BUCHAN
- Coordination:
ACOTEC UK

Acotec nv

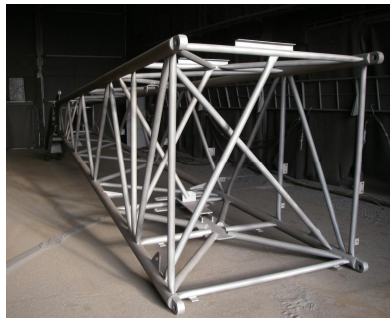

Short description or extra info of the project

The main challenge was to move away from the traditional 3 coat system (Solvent based) to reduce the Health & Safety risk and substantially reduce the overall refurbishment time, and more importantly offer the client a 30 YEAR warranty on the system being applied.
