

# Petrochemical Job Report n° 13

**Statoil—Dolvik Depot  
Bergen, Norway**

Acotec nv

## Facts:

- Short Description of Project:

Before the surface preparation, we needed to remove an unknown old coating by the Induction Disbonding System. This is a silent, operator friendly, safe in use and fast system—where removal of disposal is straight forward and waste handling is reduced to a minimum.

The coating removal process was very successful.
