

# HORIZON

the new design in single  
glazed walls

## Ultimate combination of style, accessibility and privacy

Horizon is more than just an elegant glass partition; it is also an economical solution for your working environment. The minimal profile height and seamless connection with other Maars solutions, create a high-quality transparent aesthetic. The uniform profile height, frames and wall joints are creating slim and continuous lines. In other words: a minimalist design with a high-quality finish. Moreover, the large variety of doors gives form and character to accessibility. Just like the other Maars Walls, Horizon is demountable and quick to install, resulting in a flexible and sustainable system. Horizon literally and metaphorically broadens your horizons...

# horizon

# unique single glazed design

*Allowing the interior to express the open-ended nature and transparency. Horizon gives wall systems a voice.*

## Unique profile properties

The low profile height and seamless connection with the other Maars partions mean you get the desired result in any surroundings.  
By applying several profile heights, this glass wall can also be used for floors with large tolerances.

- The profile height is 22 mm /  $\frac{7}{8}$ ", smaller than a €1 coin
- 35 mm /  $1\frac{3}{8}$ " is an option; combinations possible:
  - 22 mm /  $\frac{7}{8}$ " + 22 mm /  $\frac{7}{8}$ " profile: +/- 4 mm /  $\frac{3}{16}$ "
  - 22 mm /  $\frac{7}{8}$ " + 35 mm /  $1\frac{3}{8}$ " profile: +/- 11 mm /  $\frac{7}{16}$ "
  - 35 mm /  $1\frac{3}{8}$ " + 35 mm /  $1\frac{3}{8}$ " profile: +/- 18 mm /  $\frac{11}{16}$ "
- 1 universal profile for several glass thicknesses
- Simple and fast assembly using 2 profiles

## Customised accessibility

The slim door frame and the large variety of doors leads to suitable solutions for any interior setting.

- Swing and sliding doors
  - Single or double swing
  - Sliding doors, optionally fitted with the 'soft close' mechanism
  - Glass doors
  - Solid metal or wooden doors
  - Combination doors: glazed/solid
- Choice of wall-high door frames or door frames with continuous glazing

## LED lighting

Horizon comes to life through the integration of contour LED lighting.

- Dimmable
- All colours of lighting possible
- Programmable for several scenarios
- Control via App or remote control

Compatibility between **aesthetics and functionality** is achieved by **minimalist design** alone. Visual simplicity allows the single HORIZON glass walls to really show their status as a **top-quality product**.

## Customised working environment

The various profile finishings and colours, door systems and glass systems, including sand blasting and screening, ensure customised privacy and transparency.

## Dimensions and acoustics

- Maximum module width: 1200 mm / 3' - 11  $\frac{1}{4}$ "  
*Non-standard dimensions and weights available on request*
- Weighted sound insulation index complies with EN ISO 717-1
- Rw = up to 39 dB / STC = up to 39 dB

## Glass properties

Maximum stability through large varieties of glass thicknesses.

- Several glass thicknesses possible: 10 mm /  $\frac{3}{8}$ ", 12 mm /  $\frac{1}{2}$ " and 16 mm /  $\frac{5}{8}$ "
- Various finishings: sandblasting, foil and coatings
